

REMARKS

Claims 35-63 are presented for consideration in the application. This amendment cancels claims 1-34 and 64-70, for which a Notice of Allowance has been received in parent U.S. Application Ser. No. 10/139,008. In addition, claims 40 and 54 are amended herein to correct a problem with antecedent basis. Finally, the specification is amended to include a specific reference to the parent application. Entry of these amendments prior to examination of this application is respectfully requested.

In view of the foregoing amendments and remarks, it is submitted that claims 35-63 as now appearing in the application are in good and proper form for allowance. A favorable action on the part of the Examiner is respectfully solicited.

If, in the opinion of the Examiner, a telephone conference would expedite prosecution of the subject application, the Examiner is invited to call the undersigned attorney.

Respectfully submitted,
MARSHALL, GERSTEIN & BORUN
